# SAFETY DATA SHEET

Issue Date 04-Feb-2020 Revision Date 13-Aug-2024

Version 3.7

Page 1 / 15

## 1. IDENTIFICATION

### Product identifier

**Product Name** TPTZ Iron Reagent

### Other means of identification

**Product Code(s)** 2275699

**Safety data sheet number** M00116

### Recommended use of the chemical and restrictions on use

**Recommended Use** Laboratory Use. Iron determination.

**Uses advised against** Consumer use.

**Restrictions on use** For Laboratory Use Only.

### Details of the supplier of the safety data sheet

#### **Manufacturer Address**

Hach Company, P.O.Box 389, Loveland, CO 80539, USA, +1(970) 669-3050

#### **Emergency telephone number**

+1(303) 623-5716 - 24 Hour Service

## 2. HAZARDS IDENTIFICATION

### Classification

#### **Regulatory Status**

This chemical is considered hazardous by the 2012 OSHA Hazard Communication Standard (29 CFR 1910.1200)

|                                                  |            |
|--------------------------------------------------|------------|
| Acute toxicity - Oral                            | Category 4 |
| Skin corrosion/irritation                        | Category 2 |
| Serious eye damage/eye irritation                | Category 1 |
| Respiratory sensitization                        | Category 1 |
| Specific target organ toxicity (single exposure) | Category 3 |
| Chronic aquatic toxicity                         | Category 3 |

### Hazards not otherwise classified (HNOC)

Not applicable

### Label elements

#### **Signal word**

Danger

Product Code(s) 2275699  
Issue Date 04-Feb-2020  
Version 3.7

Product Name TPTZ Iron Reagent  
Revision Date 13-Aug-2024  
Page 2 / 15

#### Hazard statements

H302 - Harmful if swallowed  
H315 - Causes skin irritation  
H318 - Causes serious eye damage  
H334 - May cause allergy or asthma symptoms or breathing difficulties if inhaled  
H335 - May cause respiratory irritation  
H412 - Harmful to aquatic life with long lasting effects

#### Precautionary statements

P270 - Do not eat, drink or smoke when using this product  
P301 + P312 - IF SWALLOWED: Call a POISON CENTER or doctor/physician if you feel unwell  
P330 - Rinse mouth  
P501 - Dispose of contents/ container to an approved waste disposal plant  
P280 - Wear protective gloves, protective clothing, eye protection, and face protection  
P302 + P352 - IF ON SKIN: Wash with plenty of soap and water  
P332 + P313 - If skin irritation occurs: Get medical attention  
P362 - Take off contaminated clothing and wash before reuse  
P305 + P351 + P338 - IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing  
P310 - Immediately call a POISON CENTER or doctor/physician  
P261 - Avoid breathing dust/fume/gas/mist/vapors/spray  
P285 - In case of inadequate ventilation wear respiratory protection  
P304 + P341 - IF INHALED: If breathing is difficult, remove victim to fresh air and keep at rest in a position comfortable for breathing  
P342 + P311 - If experiencing respiratory symptoms: Call a POISON CENTER or doctor/physician  
P271 - Use only outdoors or in a well-ventilated area  
P304 + P340 - IF INHALED: Remove person to fresh air and keep comfortable for breathing  
P403 + P233 - Store in a well-ventilated place. Keep container tightly closed  
P405 - Store locked up  
P273 - Avoid release to the environment

#### Other Hazards Known

Harmful to aquatic life

### 3. COMPOSITION/INFORMATION ON INGREDIENTS

#### Substance

Not applicable

#### Mixture

##### Chemical Family

Mixture.

##### Chemical nature

Mixture of inorganic salts, Mixture of organic compounds.

Percent ranges are used where confidential product information is applicable.

| Chemical name                                                               | CAS No.     | Percent Range | HMRIC # |
|-----------------------------------------------------------------------------|-------------|---------------|---------|
| Sodium metabisulfite                                                        | 7681-57-4   | 20 - 30%      | -       |
| 1,2,3-Propanetricarboxylic acid, 2-hydroxy-, monosodium salt                | 18996-35-5  | 10 - 20%      | -       |
| Sodium dithionite                                                           | 7775-14-6   | 10 - 20%      | -       |
| 2,4,6-Tri-(2-pyridyl)-1,3,5-triazine (1:3) salt with p-toluenesulfonic acid | 103404-99-5 | <1%           | -       |

#### 4. FIRST AID MEASURES

##### Description of first aid measures

|                                    |                                                                                                                                                                                                                                                                                   |
|------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| General advice                     | Show this safety data sheet to the doctor in attendance. Immediate medical attention is required.                                                                                                                                                                                 |
| Inhalation                         | Remove to fresh air. May cause allergic respiratory reaction. If breathing has stopped, give artificial respiration. Get medical attention immediately. Avoid direct contact with skin. Use barrier to give mouth-to-mouth resuscitation. Get immediate medical advice/attention. |
| Eye contact                        | Get immediate medical advice/attention. Rinse immediately with plenty of water, also under the eyelids, for at least 15 minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Keep eye wide open while rinsing. Do not rub affected area.                  |
| Skin contact                       | Wash off immediately with soap and plenty of water for at least 15 minutes. May cause an allergic skin reaction. In the case of skin irritation or allergic reactions see a physician.                                                                                            |
| Ingestion                          | Do NOT induce vomiting. Clean mouth with water and drink afterwards plenty of water. Never give anything by mouth to an unconscious person. May produce an allergic reaction. Get immediate medical advice/attention.                                                             |
| Self-protection of the first aider | Avoid contact with skin, eyes or clothing. Ensure that medical personnel are aware of the material(s) involved, take precautions to protect themselves and prevent spread of contamination. Avoid direct contact with skin. Use barrier to give mouth-to-mouth resuscitation.     |

##### Most important symptoms and effects, both acute and delayed

|          |                                                                                                                                                  |
|----------|--------------------------------------------------------------------------------------------------------------------------------------------------|
| Symptoms | Burning sensation. May cause allergy or asthma symptoms or breathing difficulties if inhaled. Coughing and/ or wheezing. Itching. Rashes. Hives. |
|----------|--------------------------------------------------------------------------------------------------------------------------------------------------|

##### Indication of any immediate medical attention and special treatment needed

|                    |                                                                        |
|--------------------|------------------------------------------------------------------------|
| Note to physicians | May cause sensitization in susceptible persons. Treat symptomatically. |
|--------------------|------------------------------------------------------------------------|

#### 5. FIRE-FIGHTING MEASURES

|                                                |                                                                                                                                    |
|------------------------------------------------|------------------------------------------------------------------------------------------------------------------------------------|
| Suitable Extinguishing Media                   | Use extinguishing measures that are appropriate to local circumstances and the surrounding environment.                            |
| Unsuitable Extinguishing Media                 | Caution: Use of water spray when fighting fire may be inefficient.                                                                 |
| Specific hazards arising from the chemical     | Product is or contains a sensitizer. May cause sensitization by inhalation and skin contact.                                       |
| Hazardous combustion products                  | Sulfur oxides. Nitrogen oxides. Sodium monoxide. Carbon monoxide, Carbon dioxide.                                                  |
| Special protective equipment for fire-fighters | Firefighters should wear self-contained breathing apparatus and full firefighting turnout gear. Use personal protection equipment. |

#### 6. ACCIDENTAL RELEASE MEASURES

|             |                                                                                                                                                                                                                                                                                                                                                                                                                          |
|-------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| U.S. Notice | Only persons properly qualified to respond to an emergency involving hazardous substances may respond to a spill according to federal regulations (OSHA 29 CFR 1910.120(a)(v)) and per your company's emergency response plan and guidelines/procedures. See Section 13, Special Instructions for disposal assistance. Outside of the US, only persons properly qualified according to state or local regulations should |
|-------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|

respond to a spill involving chemicals.

#### **Personal precautions, protective equipment and emergency procedures**

**Personal precautions** Avoid contact with skin, eyes or clothing. Use personal protective equipment as required. Ensure adequate ventilation. Evacuate personnel to safe areas. Keep people away from and upwind of spill/leak.

**Other Information** Refer to protective measures listed in Sections 7 and 8.

#### **Environmental precautions**

**Environmental precautions** Prevent further leakage or spillage if safe to do so.

#### **Methods and material for containment and cleaning up**

**Methods for containment** Prevent further leakage or spillage if safe to do so.

**Methods for cleaning up** Take up mechanically, placing in appropriate containers for disposal.

**Prevention of secondary hazards** Clean contaminated objects and areas thoroughly observing environmental regulations.

**Reference to other sections** See section 8 for more information. See section 13 for more information.

### **7. HANDLING AND STORAGE**

#### **Precautions for safe handling**

**Advice on safe handling** Handle in accordance with good industrial hygiene and safety practice. Avoid contact with skin, eyes or clothing. Do not eat, drink or smoke when using this product. Ensure adequate ventilation. Provide extract ventilation to points where emissions occur. In case of insufficient ventilation, wear suitable respiratory equipment. Remove contaminated clothing and shoes. Take off contaminated clothing and wash before reuse. Avoid breathing vapors or mists.

#### **Conditions for safe storage, including any incompatibilities**

**Storage Conditions** Keep containers tightly closed in a dry, cool and well-ventilated place. Keep out of the reach of children. Store locked up.

**Flammability class** Not applicable

### **8. EXPOSURE CONTROLS/PERSONAL PROTECTION**

#### **Control parameters**

#### **Exposure Guidelines**

| Chemical name                           | ACGIH TLV                | OSHA PEL                           | NIOSH                    |
|-----------------------------------------|--------------------------|------------------------------------|--------------------------|
| Sodium metabisulfite<br>CAS#: 7681-57-4 | TWA: 5 mg/m <sup>3</sup> | (vacated) TWA: 5 mg/m <sup>3</sup> | TWA: 5 mg/m <sup>3</sup> |

#### **Appropriate engineering controls**

**Engineering Controls** Showers  
Eyewash stations  
Ventilation systems.

#### **Individual protection measures, such as personal protective equipment**

**Product Code(s)** 2275699  
**Issue Date** 04-Feb-2020  
**Version** 3.7

**Product Name** TPTZ Iron Reagent  
**Revision Date** 13-Aug-2024  
**Page** 5 / 15

|                                        |                                                                                                                                                                                                                                     |
|----------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Respiratory protection</b>          | No protective equipment is needed under normal use conditions. If exposure limits are exceeded or irritation is experienced, ventilation and evacuation may be required.                                                            |
| <b>Hand Protection</b>                 | Wear suitable gloves. Impervious gloves.                                                                                                                                                                                            |
| <b>Eye/face protection</b>             | Tight sealing safety goggles.                                                                                                                                                                                                       |
| <b>Skin and body protection</b>        | Wear suitable protective clothing. Long sleeved clothing. Avoid contact with eyes, skin and clothing. Wash contaminated clothing before reuse.                                                                                      |
| <b>General Hygiene Considerations</b>  | Avoid contact with skin, eyes or clothing. Wear suitable gloves and eye/face protection. Do not eat, drink or smoke when using this product. Remove and wash contaminated clothing and gloves, including the inside, before re-use. |
| <b>Environmental exposure controls</b> | Local authorities should be advised if significant spillages cannot be contained. Do not allow into any sewer, on the ground or into any body of water.                                                                             |
| <b>Thermal hazards</b>                 | None under normal processing.                                                                                                                                                                                                       |

## 9. PHYSICAL AND CHEMICAL PROPERTIES

### Information on basic physical and chemical properties

|                       |                   |
|-----------------------|-------------------|
| <b>Physical state</b> | Solid             |
| <b>Appearance</b>     | crystalline       |
| <b>Odor</b>           | Sulfur-like       |
| <b>Color</b>          | White to yellow   |
| <b>Odor threshold</b> | No data available |

| <u>Property</u>                                        | <u>Values</u>               | <u>Remarks • Method</u> |
|--------------------------------------------------------|-----------------------------|-------------------------|
| <b>Molecular weight</b>                                | Not applicable              |                         |
| <b>pH</b>                                              | 3.8                         | 1% Solution             |
| <b>Melting point / freezing point</b>                  | 180 °C / 356 °F             |                         |
| <b>Initial boiling point and boiling range</b>         | No data available           |                         |
| <b>Evaporation rate</b>                                | Not applicable              |                         |
| <b>Vapor pressure</b>                                  | Not applicable              |                         |
| <b>Relative vapor density</b>                          | No data available           |                         |
| <b>Specific gravity - VALUE 1</b>                      | 2.23                        |                         |
| <b>Partition coefficient</b>                           | log K <sub>ow</sub> ~ -2.19 |                         |
| <b>Soil Organic Carbon-Water Partition Coefficient</b> | log K <sub>oc</sub> ~ -0.1  |                         |
| <b>Autoignition temperature</b>                        | No data available           |                         |
| <b>Decomposition temperature</b>                       | No data available           |                         |
| <b>Dynamic viscosity</b>                               | Not applicable              |                         |
| <b>Kinematic viscosity</b>                             | Not applicable              |                         |

No data available

## 10. STABILITY AND REACTIVITY

##### Reactivity

Not applicable.

##### Chemical stability

Stable under normal conditions.

##### Explosion data

**Sensitivity to Mechanical Impact** None.  
**Sensitivity to Static Discharge** None.

**Product Code(s)** 2275699  
**Issue Date** 04-Feb-2020  
**Version** 3.7

**Product Name** TPTZ Iron Reagent  
**Revision Date** 13-Aug-2024  
**Page** 7 / 15

**Possibility of hazardous reactions**

None under normal processing.

**Hazardous polymerization**

Hazardous polymerization does not occur.

**Conditions to avoid**

Sodium metabisulfite reacts with water to form sulfur-containing gases.

**Incompatible materials**

Strong acids. Strong bases. Strong oxidizing agents.

**Hazardous decomposition products**

Sulfur oxides. Nitrogen oxides. Sodium monoxide. Carbon dioxide. Carbon monoxide.

## 11. TOXICOLOGICAL INFORMATION

**Information on likely routes of exposure**

**Product Information**

|                     |                                                                                                                                                                  |
|---------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Inhalation</b>   | May cause sensitization in susceptible persons. May cause irritation of respiratory tract.                                                                       |
| <b>Eye contact</b>  | Severely irritating to eyes. Causes serious eye damage. May cause burns. May cause irreversible damage to eyes.                                                  |
| <b>Skin contact</b> | Repeated or prolonged skin contact may cause allergic reactions with susceptible persons. Causes skin irritation.                                                |
| <b>Ingestion</b>    | Ingestion may cause gastrointestinal irritation, nausea, vomiting and diarrhea. May cause additional effects as listed under "Inhalation". Harmful if swallowed. |

**Symptoms** Redness. Burning. May cause blindness. Symptoms of allergic reaction may include rash, itching, swelling, trouble breathing, tingling of the hands and feet, dizziness, lightheadedness, chest pain, muscle pain, or flushing. Coughing and/ or wheezing. May cause redness and tearing of the eyes.

**Acute toxicity**

Based on available data, the classification criteria are not met

**Mixture**

No data available.

**Ingredient Acute Toxicity Data**

No data available.

#### Unknown Acute Toxicity

0% of the mixture consists of ingredient(s) of unknown toxicity.

#### Acute Toxicity Estimations (ATE)

The following values are calculated based on chapter 3.1 of the GHS document

|                               |                          |
|-------------------------------|--------------------------|
| ATEmix (oral)                 | 1,429.00 mg/kg           |
| ATEmix (dermal)               | No information available |
| ATEmix (inhalation-dust/mist) | 8.43 mg/l                |
| ATEmix (inhalation-vapor)     | No information available |
| ATEmix (inhalation-gas)       | No information available |

#### Skin corrosion/irritation

Classification based on data available for ingredients. Irritating to skin.

#### Mixture

No data available.

#### Ingredient Skin Corrosion/Irritation Data

No data available.

#### Reproductive toxicity

Based on available data, the classification criteria are not met.

#### Mixture

No data available.

#### Ingredient Reproductive Toxicity Data

No data available.

| Chemical name                                         | Endpoint type           | Reported dose | Exposure time | Toxicological effects            | Key literature references and sources for data |
|-------------------------------------------------------|-------------------------|---------------|---------------|----------------------------------|------------------------------------------------|
| Sodium metabisulfite<br>(20 - 30%)<br>CAS#: 7681-57-4 | Rat<br>TD <sub>Lo</sub> | 20000 mg/kg   | None reported | Effects on Newborn<br>Stillbirth | RTECS                                          |

#### Aspiration hazard

Based on available data, the classification criteria are not met.

## 12. ECOLOGICAL INFORMATION

#### Ecotoxicity

Harmful to aquatic life with long lasting effects.

#### Unknown aquatic toxicity

0% of the mixture consists of components(s) of unknown hazards to the aquatic environment.

#### Mixture

#### Aquatic Acute Toxicity

No data available.

#### Aquatic Chronic Toxicity

No data available.

#### Substance

#### Aquatic Acute Toxicity

No data available.

| Chemical name                                         | Exposure time | Species                        | Endpoint type    | Reported dose | Key literature references and sources for data |
|-------------------------------------------------------|---------------|--------------------------------|------------------|---------------|------------------------------------------------|

#### Aquatic Chronic Toxicity

No data available.

**Product Code(s)** 2275699  
**Issue Date** 04-Feb-2020  
**Version** 3.7

**Product Name** TPTZ Iron Reagent  
**Revision Date** 13-Aug-2024  
**Page** 12 / 15

#### Persistence and degradability

##### **Mixture**

No data available.

##### Bioaccumulation

Material does not bioaccumulate

##### **Mixture**

No data available.

##### **Partition coefficient**

log  $K_{ow}$  ~ -2.19

##### Mobility

##### **Soil Organic Carbon-Water Partition Coefficient**

log  $K_{oc}$  ~ -0.1

##### **Other adverse effects**

No information available

### 13. DISPOSAL CONSIDERATIONS

#### Waste treatment methods

##### **Waste from residues/unused products**

Dispose of in accordance with local regulations. Dispose of waste in accordance with environmental legislation.

##### **Contaminated packaging**

Do not reuse empty containers.

##### **US EPA Waste Number**

Not applicable

### 14. TRANSPORT INFORMATION

##### DOT

Not regulated

##### TDG

Not regulated

##### IATA

Not regulated

##### IMDG

Not regulated

##### **Additional information**

There is a possibility that this product could be contained in a reagent set or kit composed of various compatible dangerous goods.

If the item is not in a reagent set or kit, the classification given above applies.

If the item is part of a reagent set or kit the classification would change to the following:

UN3316 Chemical Kit, Hazard Class 9, Packing Group II or III.

If the item is not regulated, the Chemical Kit classification does not apply.

### 15. REGULATORY INFORMATION

### US Federal Regulations

#### **SARA 313**

Section 313 of Title III of the Superfund Amendments and Reauthorization Act of 1986 (SARA). This product does not contain any chemicals which are subject to the reporting requirements of the Act and Title 40 of the Code of Federal Regulations, Part 372

#### **SARA 311/312 Hazard Categories**

|                                          |     |
|------------------------------------------|-----|
| <b>Acute health hazard</b>               | Yes |
| <b>Chronic Health Hazard</b>             | No  |
| <b>Fire hazard</b>                       | No  |
| <b>Sudden release of pressure hazard</b> | No  |
| <b>Reactive Hazard</b>                   | No  |

#### **CWA (Clean Water Act)**

This product does not contain any substances regulated as pollutants pursuant to the Clean Water Act (40 CFR 122.21 and 40 CFR 122.42)

#### **CERCLA**

This material, as supplied, does not contain any substances regulated as hazardous substances under the Comprehensive Environmental Response Compensation and Liability Act (CERCLA) (40 CFR 302) or the Superfund Amendments and Reauthorization Act (SARA) (40 CFR 355). There may be specific reporting requirements at the local, regional, or state level pertaining to releases of this material
