

AQUATRAC™ | Water Leak Detector

KEY FEATURES

- 1 Amplifier w/ volume & mute
- 2 Sensor w/ 3 point ground plate
- 3 Magnet base
- 4 Hi-fidelity David Clark headphones
- 5 Stereo headphones
- 6 3 section contact rod

FEATURES

- ▷ Hand held device with simple operation and high performance.
- ▷ Designed for all of the water leak detection applications, including leak surveys and leak pinpointing. Use the 3-point ground plate for pinpointing on streets and concrete slabs. Use the magnet base or the contact rod for leak surveys at hydrants, valves, or meters.
- ▷ Extremely compact and lightweight. The AquaTrac™ water leak detector is the perfect solution for plumbers and contractors due to its simplicity of operation that meets or exceeds other leak detectors, lasting twice as much. And offering a high quality and affordable option.
- ▷ 3 Frequency filters (low, medium and high) and customizable frequencies available through the unit's menu, to find the right fit for your detection process.
- ▷ ABS custom carrying case. IP68 Certified and shock proof included.
