

Manufactured by: Integra Clear Co 1216 6th Ave N Kent WA 98032 253.479.7000

SAFETY DATA SHEET

SDS number: 26645, revision 004
Revision date: June 14, 2023
Page 1 of 2

24 Hour Emergency Response: CHEMTREC 800-424-9300 (Outside USA: 703-527-3887)

1: IDENTIFICATION

Product name: Vita-D-ChlorTM Tablets

Chemical family: Organic acid

Product number: All Integra Clear item numbers beginning with 1125 or V325.50

Recommended use: Dechlorination

Restrictions on use: No information available

2: HAZARDS IDENTIFICATION

OSHA classification: Not a hazardous substance or mixture

Label elements & precautionary statements: Not applicable Hazards not otherwise classified: None identified

3: COMPOSITION/INFORMATION ON INGREDIENTS

None of the components of this product are hazardous materials.

4: FIRST AID PROCEDURES

Skin contact: Wash with soap and water. Seek medical attention if irritation develops. Eye contact: Flush eyes with plenty of water. If irritation persists, seek medical attention.

Inhalation: Remove to fresh air.

Ingestion: Do not induce vomiting. Rinse mouth. If adverse symptoms develop, seek medical attention.

5: FIRE-FIGHTING MEASURES

Extinguishing media: Water spray, carbon dioxide, dry chemical, or foam.

Special equipment/precautions: Use water to cool nearby containers and structures. Wear full protective equipment, including

suitable respiratory protection.

Specific hazards: As with most organic solids, combustion is possible at elevated temperatures.

Hazardous combustion products: Oxides of carbon (CO, CO₂)

6: ACCIDENTAL RELEASE MEASURES

Spill procedures: Sweep or scoop into clean, dry disposal container. Wear suitable protective equipment. Flush spill area

with water.

7: HANDLING AND STORAGE

Handling: Use only with adequate ventilation. Contact with strong chlorine solutions will release chlorine gas, a

respiratory hazard. Do not mix with chlorine solutions in closed systems or confined spaces.

Storage: Store in a cool, dry, well-ventilated area away from incompatible materials. Keep containers tightly

closed and protect them from physical damage. Protect from direct light and minimize contact with air.

Keep material dry.

Incompatible materials: Incompatible with strong acids, strong bases, strong oxidizers.

8: EXPOSURE CONTROLS AND PERSONAL PROTECTION

OSHA & ACGIH exposure limits: None established

Engineering controls: Use adequate general or local exhaust ventilation to keep fume and/or dust levels as low as

possible. Contact with strong chlorine solutions will release chlorine gas, a respiratory hazard. Do

not mix with chlorine solutions in closed systems or confined spaces.

Respiratory protection: None needed unless use generates annoying or irritating dusts, mists or vapors. Use a NIOSH

approved respirator mask if necessary.

Skin & eye protective equipment: Safety glasses.

Facilities storing or utilizing this material should be equipped with an eyewash facility and safety shower. Always handle material in accordance with good chemical handling, industrial hygiene, and safety practices

9: PHYSICAL AND CHEMICAL PROPERTIES

Appearance: 2 5/8" tablets
Odor: Slight citrus odor
Odor threshold: Not available

pH (1% aqueous solution): 2 to 3 Melting/freezing point: Not available Boiling point: Not available Flash point: Not available Evaporation rate: Not available Flammability: Not available

Flammable/explosive Limits: Upper: Not available, Lower: Not available

Vapor pressure: Not available Vapor density: Not available Relative density: Not available

33g/100mL water @25°C Solubility:

Partition coefficient: Not available Auto-ignition temperature: Not available Decomposition temperature: Not available Viscosity: Not available

10: STABILITY AND REACTIVITY

No information available Reactivity:

Stability:

Possibility of hazardous reactions: Hazardous polymerization will not occur. Contact with strong chlorine solutions will release

chlorine gas, a respiratory hazard. Do not mix with chlorine solutions in closed systems or

confined spaces.

Conditions to avoid: Exposure to light, air, moisture and high temperatures

Incompatibles: Incompatible with strong acids, strong bases, strong oxidizers

Decomposition products: Oxides of carbon (CO, CO₂)

11: TOXICOLOGICAL INFORMATION

Effects of overexposure:

Inhalation may irritate the nose, throat and upper respiratory tract. Inhalation:

Excessive contact may cause skin irritation. Skin contact:

Eye contact: Contact may cause eye irritation.

Ingestion of small amounts is not likely to produce harmful effects. Ingestion:

Chronic effects: Chronic ingestion of large quantities may cause gastrointestinal effects including nausea, diarrhea,

urine acidification, oxalate and uric crystallization in the bladder and kidneys, decreased reaction times,

psychomotor coordination.

None identified Target organs:

Additional effects: No information available

Reproductive effects: None identified

Carcinogenicity: No listings by NTP, IARC, or OSHA

No information available Toxicity data:

12: ECOLOGICAL INFORMATION

No information available

13: DISPOSAL CONSIDERATIONS

Dispose in accordance with all local, state and federal regulations.

14: TRANSPORTATION INFORMATION

Material is not classified as a dangerous good via either ground or air transportation.

15: REGULATORY INFORMATION

All components are listed in the United States TSCA inventory.

This product is not controlled under WHMIS

16: OTHER INFORMATION

OSHA SDS #: 26645 rev 004; June 14, 2023

The information presented above is offered for informational purposes only. This SDS, and the associated product, is intended for use only by technically qualified persons, and at their own discretion and risk. Since conditions and manner of use are outside the control of Integra Clear Co, we make no warranties, either expressed or implied, and assume no liability in connection with any use of the information.
