ETHERNET TO WiFi ADAPTER

Add WiFi connectivity to any network based Sensaphone

The Ethernet to WiFi Adapter is a high-speed, long-range outdoor wireless bridge that is an ideal solution for adding Wi-Fi connectivity to any network based Sensaphone. This is a cost effective solution when faced with running communication cable or trenching long runs of alarm wire to the Sensaphone. The device also features a weatherproof housing that ensures continued operation in harsh outdoor environments or in climates of extreme cold, heat or continuous moisture.
