

Accessory
Series

4G/LTE High Gain Omni Directional Antenna

Increase cell signal strength

This antenna can help to extend the range of the Sentinel with a 4G Cellular Modem's cellular service. Versatile and easy to install, the antenna can be easily mounted on a wall or pole. It is ideal use when your Sentinel is mounted in locations that may interfere with the cellular coverage. The included 20' LMR240 cable allows the antenna to be placed in a location that may receive better reception.
