4G LTE Modem with Battery Backup

Add Cellular Connectivity

The 4G-LTE Modem with Backup Battery allows you to add cellular connectivity to any cloud-based Sensaphone model (e.g. Sentinel, Sentinel Pro, Stratus EMS). The unit features a 4G-LTE modem with an integrated rechargeable battery that will provide up to 8 hours of uninterrupted service when the power fails. The unit can operate with all major cellular carriers (e.g. AT&T, Verizon, or Rogers Wireless).
