according to OSHA HCS (29CFR 1910.1200) and WHMIS 2015 Regulations

Revision: January 28, 2021

1 Identification
· Product identifier
· Trade name: <u>Hydrochloric Acid, 0.02N</u> · Product code: HA6020-P
<ul> <li>Recommended use and restriction on use</li> <li>Recommended use: Laboratory chemicals</li> <li>Restrictions on use: No relevant information available.</li> </ul>
<ul> <li>Details of the supplier of the Safety Data Sheet</li> <li>Manufacturer/Supplier: AquaPhoenix Scientific, Inc. 860 Gitts Run Road Hanover, PA 17331 USA Tel +1 (717)632-1291 Toll-Free: (866)632-1291 info@aquaphoenixsci.com</li> <li>Distributor: AquaPhoenix Scientific 860 Gitts Run Road, Hanover, PA 17331 (717) 632-1291</li> </ul>
<ul> <li>Emergency telephone number:</li> <li>ChemTel Inc.</li> <li>(800)255-3924 (North America)</li> <li>+1 (813)248-0585 (International)</li> </ul>
2 Hazard(s) identification

### · Classification of the substance or mixture

The substance is not classified as hazardous according to the Globally Harmonized System (GHS).

- <sup>•</sup> Label elements
- · GHS label elements None.
- · Hazard pictograms: Not regulated.
- · Signal word: None.
- · Hazard statements: None.
- · Precautionary statements: None.

• Other hazards There are no other hazards not otherwise classified that have been identified.

# 3 Composition/information on ingredients

## <sup>•</sup> Chemical characterization: Substances

# · Components:

Γ

>99%	
<0.1%	1
	- 4

For the listed ingredient(s), the identity and/or exact percentage(s) are being withheld as a trade secret. (Cont'd. on page 2)

according to OSHA HCS (29CFR 1910.1200) and WHMIS 2015 Regulations

Revision: January 28, 2021

(Cont'd. of page 1)

Trade name: Hydrochloric Acid, 0.02N

For the wording of the listed Hazard Statements, refer to section 16.

## 4 First-aid measures

### <sup>•</sup> Description of first aid measures

• General information: Immediately remove any clothing soiled by the product.

• After inhalation: Supply fresh air; consult doctor in case of complaints.

### · After skin contact:

Immediately rinse with water.

If skin irritation is experienced, consult a doctor.

### • After eye contact:

Remove contact lenses if worn.

Rinse opened eye for several minutes under running water. If symptoms persist, consult a doctor.

### • After swallowing:

Rinse out mouth and then drink plenty of water.

Do not induce vomiting; immediately call for medical help.

Most important symptoms and effects, both acute and delayed:

Gastric or intestinal disorders when ingested.

- Nausea in case of ingestion.
- · Danger: No relevant information available.
- Indication of any immediate medical attention and special treatment needed:
- If medical advice is needed, have product container or label at hand.

## 5 Fire-fighting measures

- <sup>•</sup> Extinguishing media
- Suitable extinguishing agents: Use fire fighting measures that suit the environment.
- For safety reasons unsuitable extinguishing agents: No relevant information available.
- Special hazards arising from the substance or mixture
- Formation of toxic gases is possible during heating or in case of fire.
- Advice for firefighters

### · Protective equipment:

Wear self-contained respiratory protective device.

Wear fully protective suit.

## 6 Accidental release measures

### • Personal precautions, protective equipment and emergency procedures

Ensure adequate ventilation.

Wear protective equipment. Keep unprotected persons away.

For large spills, use respiratory protective device against the effects of fumes/dust/aerosol.

### • Environmental precautions

Do not allow undiluted product or large quantities of it to reach ground water, water course or sewage system.

## Methods and material for containment and cleaning up

Use limestone to neutralize and/or absorb spill.

Send for recovery or disposal in suitable receptacles.

(Cont'd. on page 3)

Safety Data Sheet according to OSHA HCS (29CFR 1910.1200) and WHMIS 2015 Regulations

Revision: January 28, 2021

ade name: Hydrochloric Acid, 0.02N	
	(Cont'd. of page
<sup>·</sup> Reference to other sections	
See Section 7 for information on safe handling.	
See Section 8 for information on personal protection equipment.	
See Section 13 for disposal information.	
7 Handling and storage	
·Handling	
· Precautions for safe handling:	
Avoid splashes or spray in enclosed areas.	
Use only in well ventilated areas.	
· Information about protection against explosions and fires: No specia	al measures required.
<sup>·</sup> Conditions for safe storage, including any incompatibilities	
Requirements to be met by storerooms and receptacles:	
Store only in the original receptacle.	
Unsuitable material for receptacle: aluminium.	
Unsuitable material for receptacle: steel.	
· Information about storage in one common storage facility:	
Store away from foodstuffs.	
Do not store together with alkalis (caustic solutions). • Further information about storage conditions:	
Keep containers tightly sealed.	
Store in cool, dry conditions in well sealed receptacles.	
Specific end use(s) No relevant information available.	
8 Exposure controls/personal protection	
· Control parameters	
· Components with limit values that require monitoring at the workpla	ace.
The following constituent is the only constituent of the product w recommended exposure limit.	which has a PEL, TLV or ot

· · · ·	Ceiling limit value: 2 ppm Ceiling limit value: 2 ppm
LMPE (Mexico)	Ceiling limit value: 2 ppm
LMPE (Mexico)	<b>o</b> 11

## • Exposure controls

• General protective and hygienic measures: The usual precautionary measures for handling chemicals should be followed.

Keep away from foodstuffs, beverages and feed.

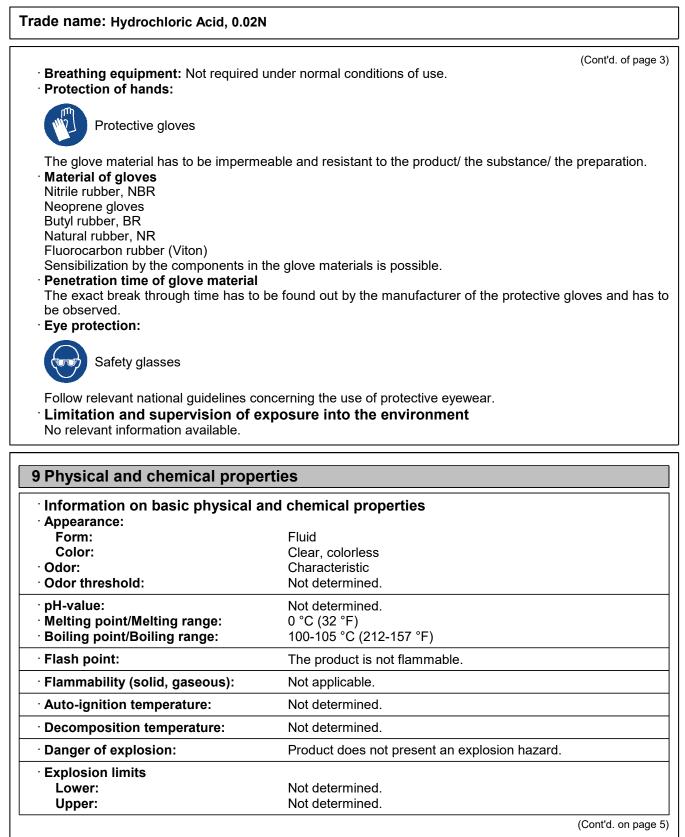

Wash hands before breaks and at the end of work.

· Engineering controls: Provide adequate ventilation.

<sup>•</sup> Other information	No relevant information available.	

# 10 Stability and reactivity

· Reactivity: No relevant information available.

· Chemical stability: Stable under normal temperatures and pressures.

Thermal decomposition / conditions to be avoided:

No decomposition if used and stored according to specifications.

<sup>•</sup> Possibility of hazardous reactions

Reacts with alkali (lyes).

Corrosive action on metals.

Toxic fumes may be released if heated above the decomposition point.

· Conditions to avoid No relevant information available.

<sup>·</sup> Incompatible materials

Alkalis

Metals.

Hazardous decomposition products

Hydrogen

Under fire conditions only: Chlorine compounds

# **11** Toxicological information

### <sup>·</sup> Information on toxicological effects

· Acute toxicity:

· LD/LC50 values that are relevant for classification: None.

· Primary irritant effect:

· On the skin: Based on available data, the classification criteria are not met.

· On the eye: Based on available data, the classification criteria are not met.

• Sensitization: Based on available data, the classification criteria are not met.

· IARC (International Agency for Research on Cancer):

(Cont'd. on page 6)

according to OSHA HCS (29CFR 1910.1200) and WHMIS 2015 Regulations

Revision: January 28, 2021

Trade name: Hydrochloric Acid, 0.02N

(Cont'd. of page 5)

7647-01-0 Hydrochloric acid

NTP (National Toxicology Program):

None of the ingredients are listed.

### OSHA-Ca (Occupational Safety & Health Administration):

None of the ingredients are listed.

· Probable route(s) of exposure:

Ingestion.

Inhalation.

Eye contact.

Skin contact.

• Acute effects (acute toxicity, irritation and corrosivity): No relevant information available.

· Repeated dose toxicity: No relevant information available.

· Germ cell mutagenicity: Based on available data, the classification criteria are not met.

· Carcinogenicity: Based on available data, the classification criteria are not met.

• **Reproductive toxicity:** Based on available data, the classification criteria are not met.

• **STOT-single exposure:** Based on available data, the classification criteria are not met.

• STOT-repeated exposure: Based on available data, the classification criteria are not met.

· Aspiration hazard: Based on available data, the classification criteria are not met.

# **12 Ecological information**

### <sup>·</sup> Toxicity

· Aquatic toxicity No relevant information available.

- Persistence and degradability No relevant information available.
- · Bioaccumulative potential: No relevant information available.
- Mobility in soil: No relevant information available.
- Additional ecological information

· General notes:

Generally not hazardous for water.

Rinse off of bigger amounts into drains or the aquatic environment may lead to decreased pH-values. A low pH-value harms aquatic organisms. If the dilution of the use-level pH-value is considerably increased after use, the aqueous waste, emptied into drains, is only low water-dangerous.

Other adverse effects No relevant information available.

# **13 Disposal considerations**

### <sup>•</sup> Waste treatment methods

### · Recommendation:

Must not be disposed of together with household garbage. Do not allow product to reach sewage system. The user of this material has the responsibility to dispose of unused material, residues and containers in compliance with all relevant local, state and federal laws and regulations regarding treatment, storage and disposal for hazardous and nonhazardous wastes. Residual materials should be treated as hazardous.

### <sup>·</sup> Uncleaned packagings

• **Recommendation:** Disposal must be made according to official regulations.

· Recommended cleansing agent: Water, if necessary with cleansing agents.
