Subject: Exemption of Safety Data Sheets

Item(s) Description: Adhesive Strips, self- adhering tape, sports tape, non-woven pad & non-adherent pad, & conforming stretch gauze

This statement will notify you that item(s) referenced above for which you have requested a Safety Data Sheet are manufactured or distributed by Dukal, LLC and are retailed as an “article” under the OSHA Hazard Communication Standard. Products of this type are exempt from the provisions of the Hazard Communication Standard (29 CFR 1910.1200)

(Please see the explanation of the exemption below)

Safety Data Sheets required to be furnished by suppliers under various Federal and state statutes and regulations for substances, materials or products that are deemed hazardous. Adhesive strips, self-adhering tape, sports tape, non-woven pad, non-adherent pads & conforming stretch gauze are not deemed as a hazardous product. We therefore submit this statement in lieu of any Safety Data Sheets.

The occupational Safety and Health Administration’s Hazard Communication Standard requires Safety Data Sheets to be furnished for substance, materials or products which are deemed to be hazardous products. Section 1910.1200(b)(6)(v) of the standard exempts “articles”. According to the definitions and interpretations, in Part C of the above reference, an article means a manufactured item:

- I. Which is formed to a specific shape or design during manufacture
- II. Which has end use function(s) dependent in whole or part upon its shape or design during end use; and
- III. Which under normal conditions of use does not release more than very small quantities, *e.g.*, minute or trace amounts of a hazardous chemical and does not pose a physical hazard or health risk to employees.

All Adhesive strips, self-adhering tape, sports tape, non-woven pad, non-adherent pads & conforming stretch gauze manufactured or imported by Dukal, LLC are formed to specific shapes or designs during manufacture; have end of use function(s) dependent in whole or part upon their shapes and design during end use and do not release, or otherwise result in exposure to, a hazardous chemical under normal conditions or use. Thus, Adhesive strips, self- adhering tape, sports tape, non-woven pad, non-adherent pads & conforming stretch gauze manufactured or imported by Dukal, LLC are an “Article” as defined by the standard and are exempt from the requirements for Safety Data Sheets. The statement provided above offered for all Adhesive strips, self-adhering tape, sports tape, non-woven pad, non-adherent pads & conforming stretch gauze manufactured or imported by Dukal, LLC in lieu of Safety Data Sheets for records required for compliance with the OSHA Hazard Communication Standard and state Right-to-Know Requirements.

Should any additional information or assistance be required, please feel free to contact me.

Respectfully,

Kevin Willette
