1343	⅛"	6	up to 4"	1.37" x .62"	0,25	3	----	---	1

Powerful impact for plastic pipes

The V-Hammer's middle rotor section generates vibration in plastic pipes to break up deposits and other hard materials that can then be flushed out. Less aggressive options for the top cap section are also available.

WARNING: Use in thick plastic pipes only!! NEVER use in clay, concrete or thin plastic pipes.
